# Warrior VIP (Vision & Impact Program)

- Challenges:
  - Too many vulnerable students with needs unmet.
  - We have lots of services to support students but some vulnerable students aren't benefiting.
  - We have lots of programs to support students, but they can't all offer a full range of services.
  - Difficulty in assessing program / service reach or effectiveness.

- Coalition of Support Programs
  - Creating bigger cohorts by breaking down barriers between “boutique” programs to create a “coordinated care network”.
- “Concierge Services”
  - Student Success Staff (and others) prioritize support for students in VIP coalition.

# Gateway Course Initiative

- Partnering with 7 other MI colleges and universities to create and implement an evidence-based plan for improving teaching, learning and success in two historically high-failure rate “gateway” courses
- English 1020: Good success rate but very predictive of likelihood of graduating within six years.
- Math 1050: Critical juncture for STEM majors.
- In future years, we’ll expand to additional courses.

  - Narrowing and closing our educational disparities
  - Accelerating our progress
  - Hardwiring our previous gains into the “dna” of student success at WSU
  - Removing academic barriers and further promoting academic pathways
- With an eye to 2021: 50% graduation rate while closing our achievement gaps
