CLAS vision: ...an **even more research-intensive** and student-centered college with greater enrollment and a more diverse faculty. Students will be enriched by new opportunities for internships, **research**, and community engagement, which will make them more attractive to employers and graduate programs – access, grit, R1.

* CLAS performance important for WSU, as size disproportionate to majority of 12 other professional schools and colleges, although we also have some professional degrees and programs as well. **Six year graduation rate is remarkable as CLAS does not admit its own students like some other colleges/schools and has almost all of the at-risk students.**
