

WAYNE STATE

College of Engineering

Board of Governors

Dean Ali Abolmaali

April 28, 2023

One of the Most Comprehensive Colleges of Engineering in the Nation

- ❑ **Eight [8] Academic Departments**
- ❑ **Over 50 Degree Programs**

About the College of Engineering

TOTAL ENROLLED

3,368

RACE/ETHNICITY

- Wayne State is the **only urban research university in Michigan**
- Partner with Michigan State University and the University of Michigan in the University Research Corridor, **one of the nation's top academic research clusters**
- More than **50 degree programs** including six new online M.S. programs
- Over **30,000 WSU College of Engineering alumni** worldwide
- National model for **student success** (six-year graduation rate of 61.4%)
 - 8.7 percentage point increase over last year
 - 141% improvement in the last decade from 25.5%
- Awarded **705 degrees** in 2022

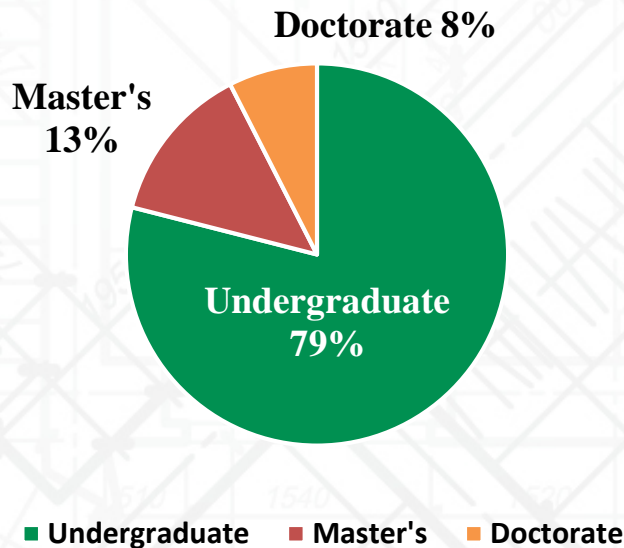

About the College of Engineering

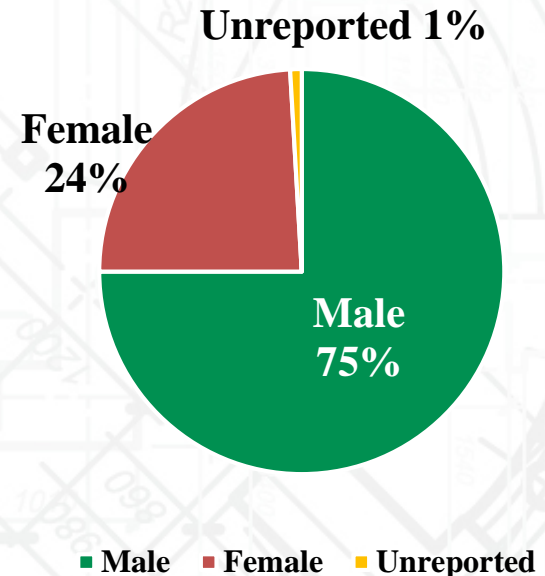

TOTAL ENROLLED

3,368

LEVEL

GENDER

Fall 2022

Enrollment Data

COLLEGE OF ENGINEERING

TOTAL ENROLLED: 3,368

Diversity

- **24.1% of students are Female**
 - Above the national average
- **167% increase in Latinx** students since 2012
- **39% increase in Female African-American** students since 2014

Graduation and Retention

- Retention rates continue to increase in the fourth year
- Graduation rates among the top three at WSU

FTIAC Retention Rate

- **81.2% Black or African-American**
- **61.5% Latinx**

WAYNE STATE UNIVERSITY

Undergraduate Programs COLLEGE OF ENGINEERING

- Biomedical Engineering
- Chemical Engineering
- Civil Engineering
- Computer Science
- Computer Technology
- Construction Management
- Electrical/Electronic Engineering Technology
- Electrical and Computer Engineering
- Electromechanical Engineering Technology
- Industrial Engineering
- Information Technology
- Mechanical Engineering
- Mechanical Engineering Technology
- Welding and Metallurgical Engineering Technology

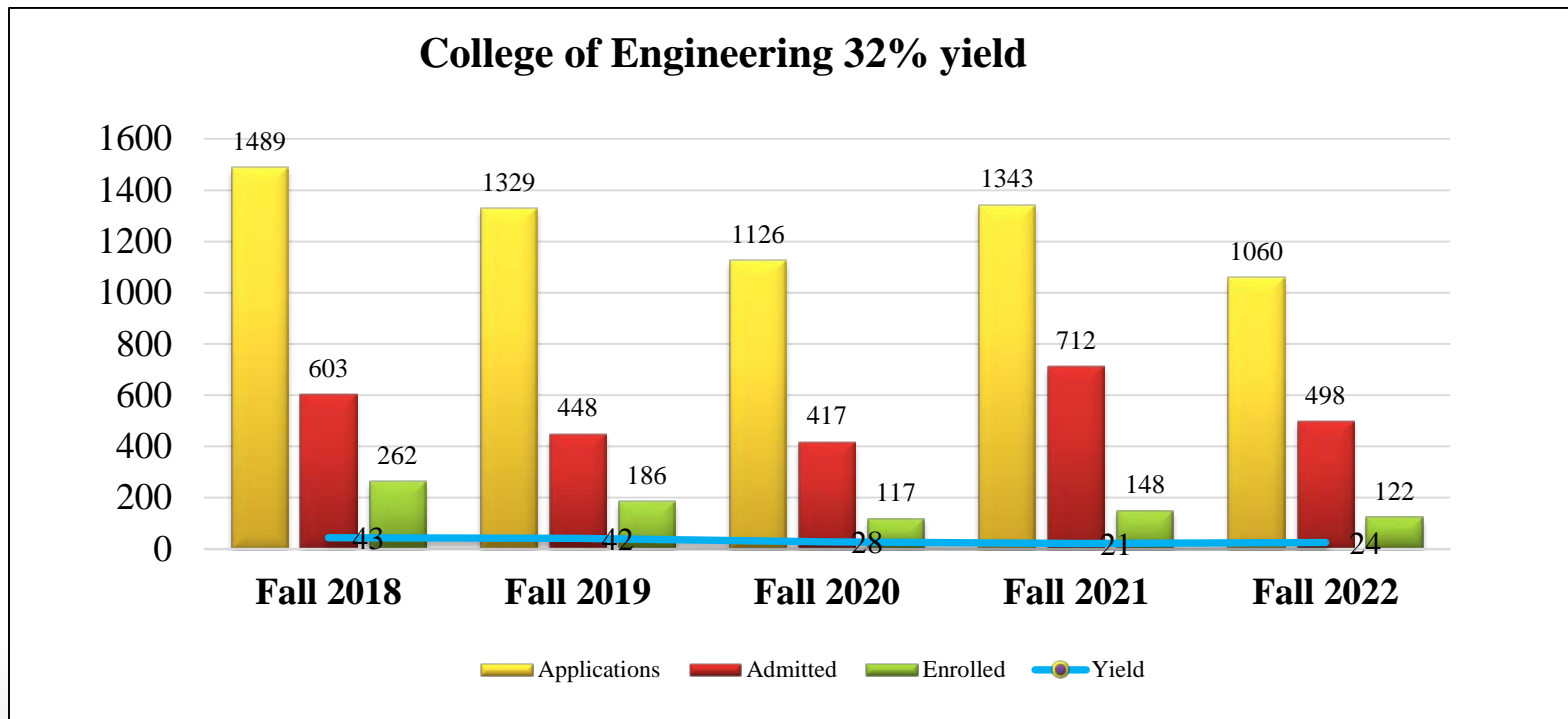

Master's Programs COLLEGE OF ENGINEERING

- ❑ **Alternative Energy Technology**
- ❑ **Artificial Intelligence**
- ❑ Biomedical Engineering
- ❑ Chemical Engineering
- ❑ Civil Engineering
- ❑ Computer Engineering
- ❑ Computer Science
- ❑ Data Science and Business Analytics
- ❑ Electrical Engineering
- ❑ **Electric-Driven Vehicle Engineering**
- ❑ Engineering Management
- ❑ Engineering Technology
- ❑ Environmental and Sustainability Engineering
- ❑ Industrial Engineering
- ❑ Injury Biomechanics (Online)
- ❑ **Manufacturing Engineering**
- ❑ Materials Science and Engineering
- ❑ Mechanical Engineering
- ❑ Professional Engineering Management Master's Program (EMMP)
- ❑ **Robotics**

College of Engineering Fall 2022-Present

- Strong Campaign: Increasing MS students
- 300-400 New Students [Fall 2023]

- ❑ **Six [6] New Online Degree Programs-
Industry Input**
 - ❑ **Artificial Intelligence**
 - ❑ **Construction Management**
 - ❑ **Energy Storage and Vehicle Science**
 - ❑ **Injury Biomechanics**
 - ❑ **Robotics and Industrial Automation**
 - ❑ **Semiconductor Engineering**

- ❑ **B.S. in General Engineering**
 - ❑ **Shorelight 3+1 Transfer Students**
 - ❑ **[200-300 Students]**
 - ❑ **St. Clair College, Windsor**
- ❑ **Engineering Clinic**
- ❑ **Implementation of Internship in BS and MS Degree Programs**

- Implemented Faculty Incentives to Increase Research**

- Faculty Course Off-Load up to Six Months**
 - Faculty: 50%**
 - Departments: 25%**
 - College: 25%**

College of Engineering Fall 2022-Present

- ❑ **Engineering Clinic**
- ❑ **Implementation of Internship in BS, MS, and Ph.D. Degree Programs**
- ❑ **Implementation of Faculty Incentives to Increase Research**

Fall 2023 Enrollment Data

(as of April 12, 2023)

Number of students registered this year as compared to the same time last year

All WSU Students, New and Continuing

Class Level	FA 2023	FA 2022	# diff	% diff
Undergraduate - FTIAC	32	11	21	190.9%
Undergraduate - Lower Division	454	380	74	19.5%
Undergraduate - Upper Division	775	713	62	8.7%
Graduate - Masters	97	88	9	10.2%
Graduate - Doctoral	7	9	-2	-22.2%
Total	1,365	1,201	164	13.7%

Students New to WSU

Population	FA 2023	FA 2022	# diff	% diff
FTIAC	32	11	21	190.9%
Transfer	23	21	2	9.5%
Graduate	23	10	13	130.0%
Total	78	42	36	85.7%

Fall 2023 Registration

1,365

total students

Building Partnerships with other Institutes

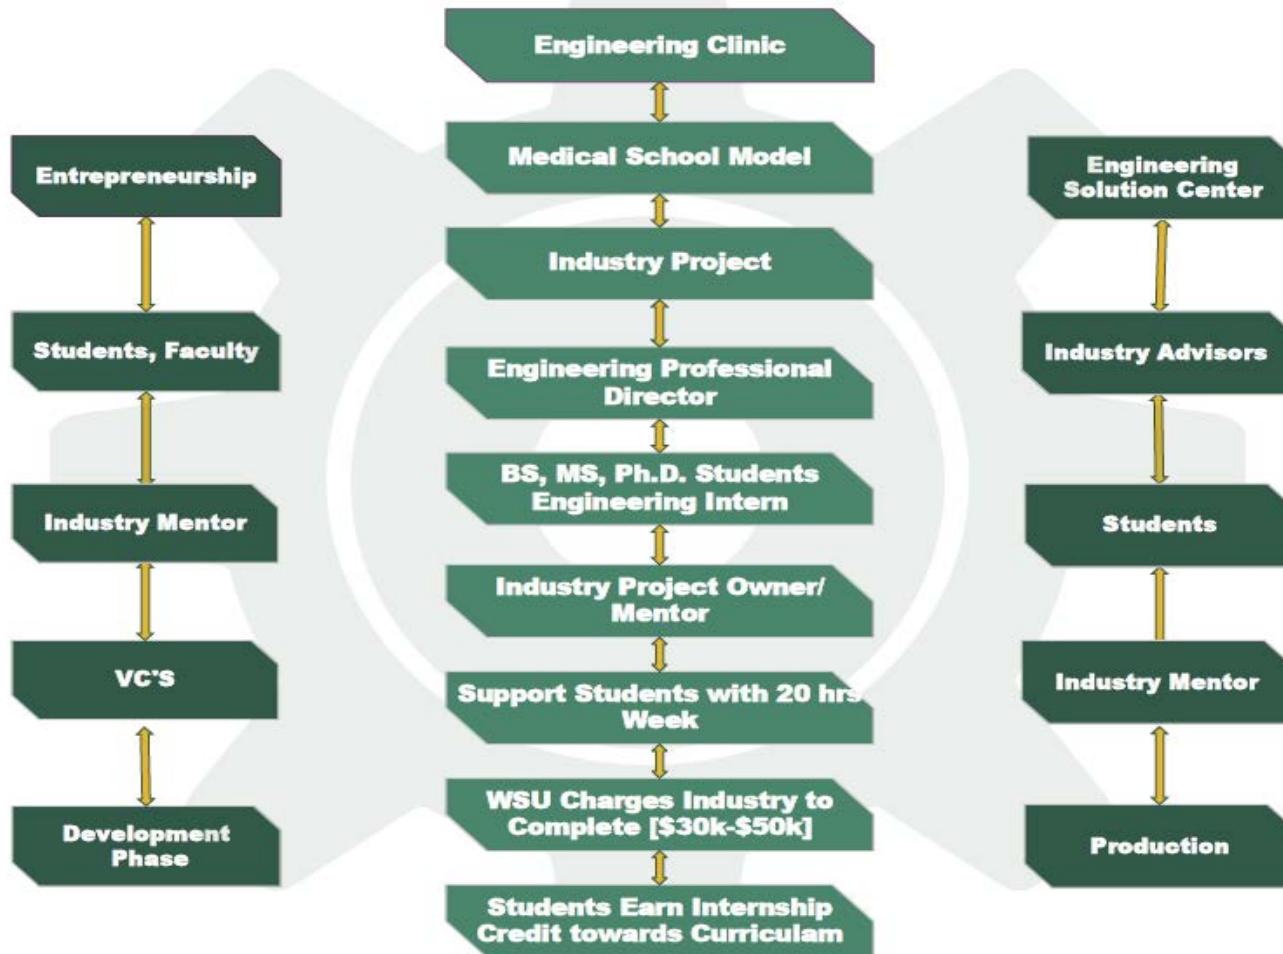

- ❑ **University of Engineering and Technology Roorkee, India**
- ❑ **Chang Gung University, Taiwan**
- ❑ **Manipal Institute of Technology, India**
- ❑ **The ICFAI Foundation for Higher Education, Hyderabad, India**
- ❑ **Jiangsu University, China**
- ❑ **Maharaja Ranjit Singh Punjab Technical University, India**
- ❑ **The ICFAI University Tripura, India**
- ❑ **Mohan Babu University, India**
- ❑ **Lovely Professional University, India**

AI Assistant

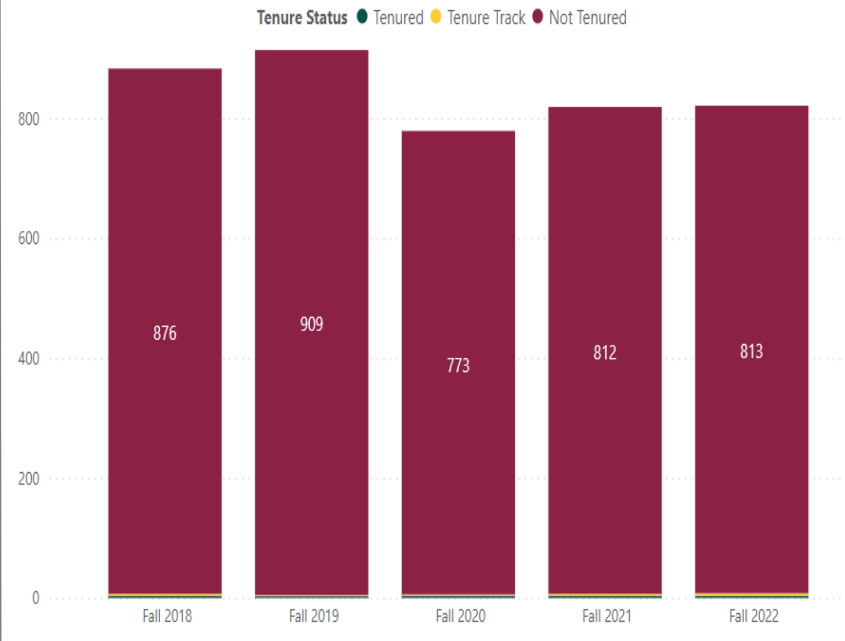

Five-Year Trend Engineering Faculty

Full-Time Faculty Overview

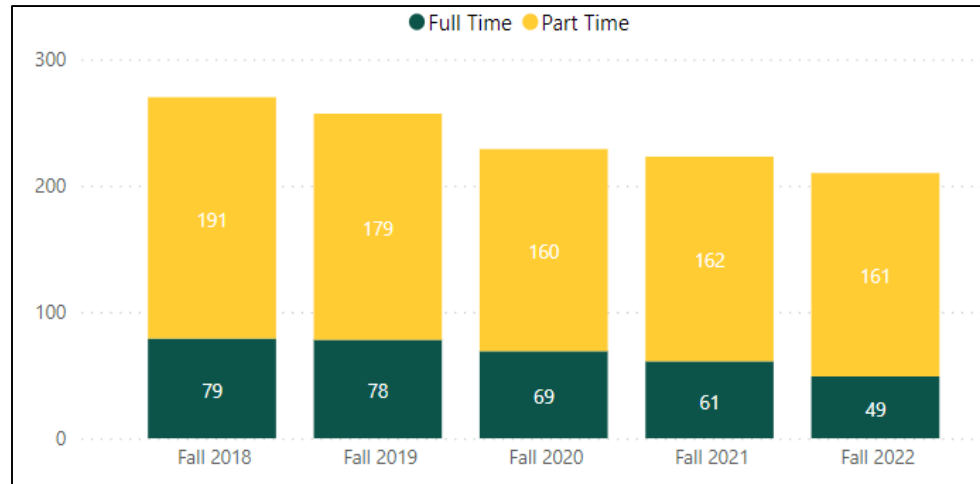

Part-Time Faculty Overview, Instructional and Non-Instructional

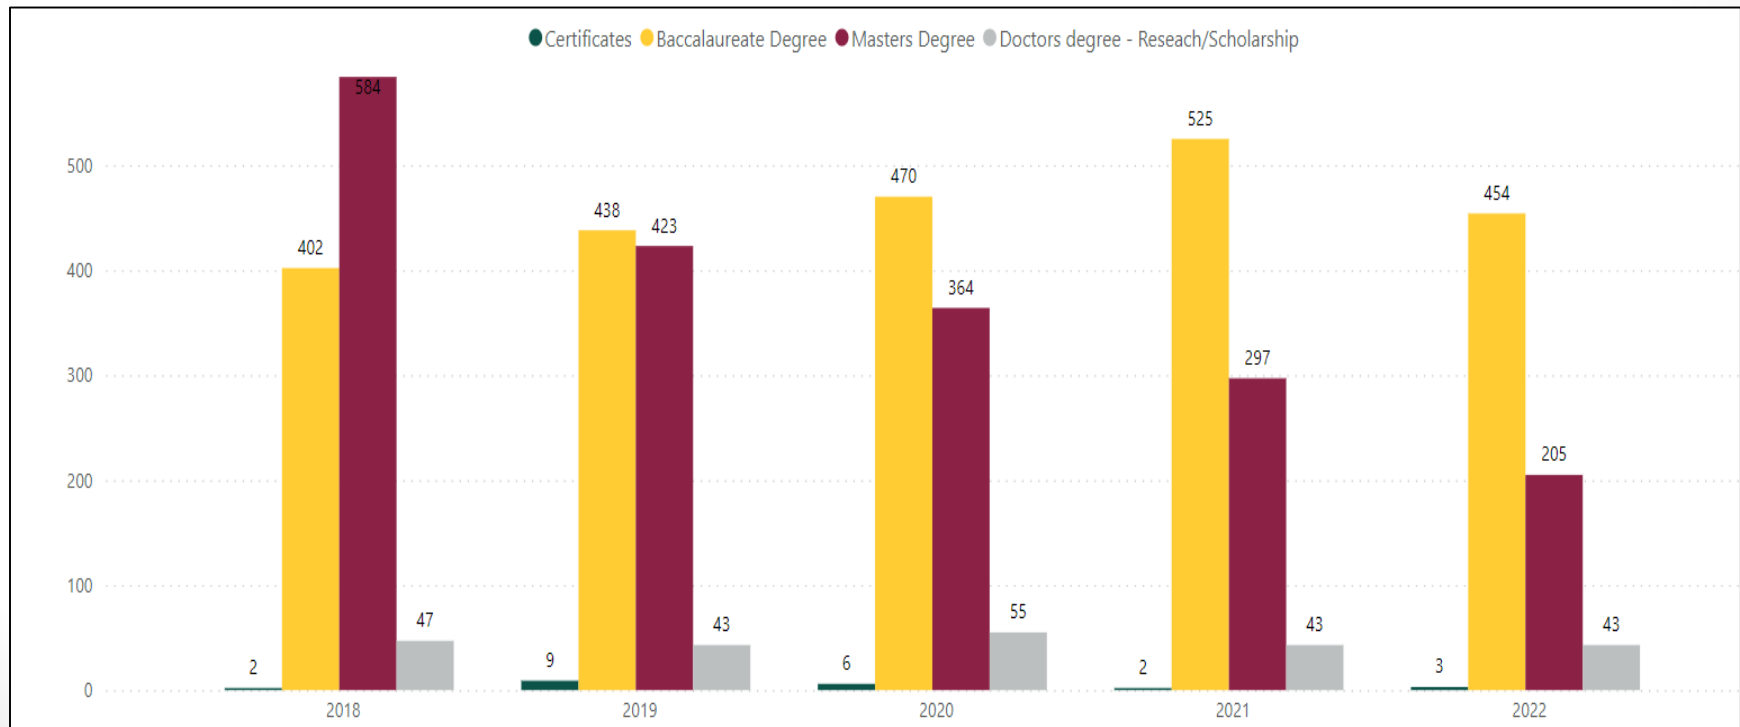

Five-Year Trend Administrative Staff

Degrees Awarded by Level

5 Year Trend

Student to Faculty Ratio
College of Engineering

Fiscal Year Equated Students divided by Fall Full Time Faculty Headcount

Notes:

FYES is defined based on HEIDI definition:

UG: 1 FYES=30 Credit hours;

MA: 1 FYES=24 Credit Hours;

Doctoral Research: 1 FYES =16 Credit Hours;

Doctoral Professional: Fall and Winter Headcount divided by 2; plus spring/summer headcount divided by 2

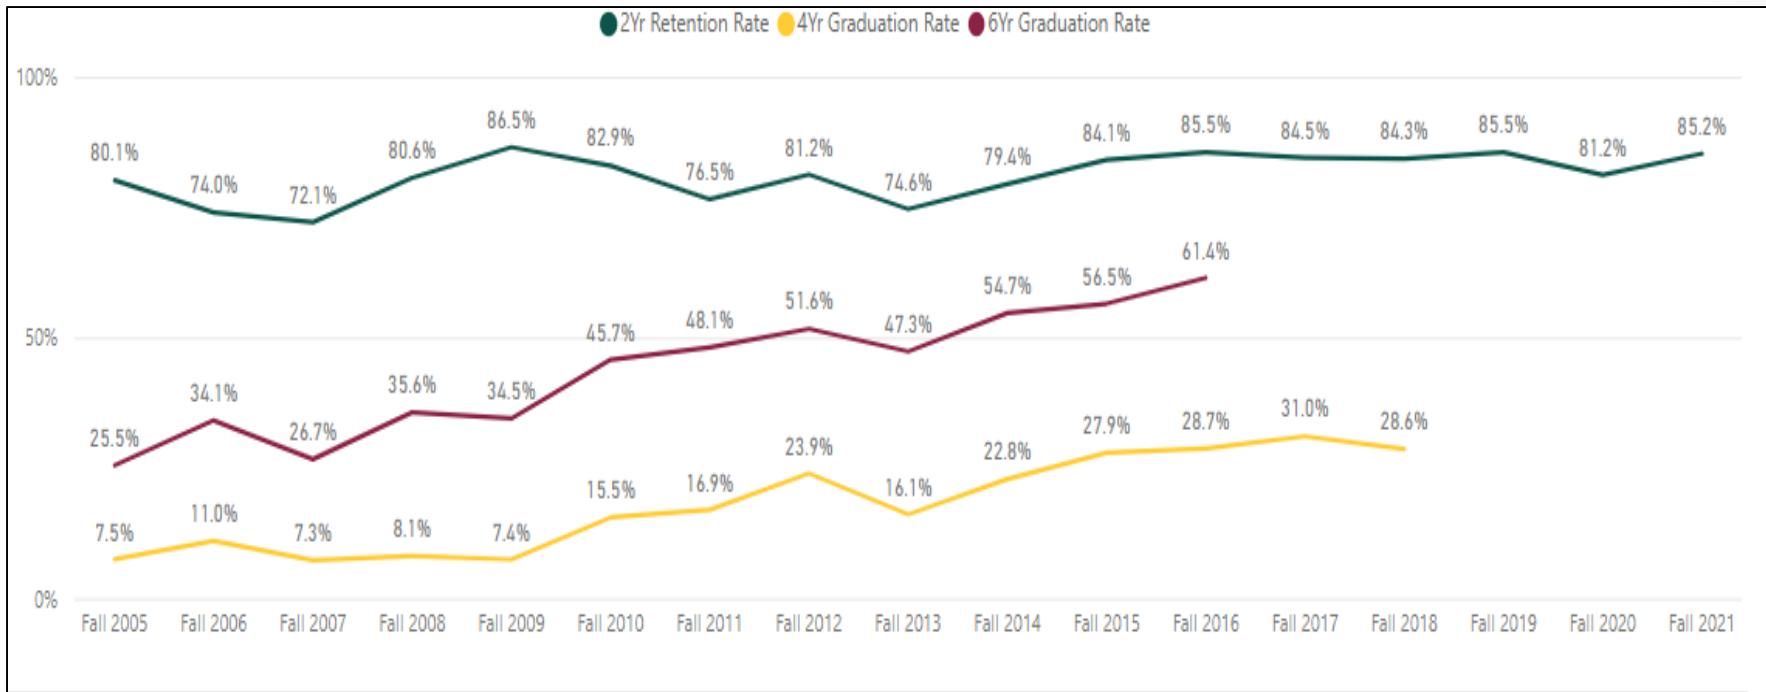

Doctoral Professional includes programs: 'DNP','JD','MD','PHARM','DPT'

Graduate School students have been moved to other colleges, depending on major.

Computer Science Faculty have been moved to College of Engineering from CLAS prior to FY 2012.

Batteries and Energy Systems

Curriculum

- Masters in Electric-Driven Vehicle Engineering
- MSME Energy Storage and Vehicle Science (Online)

K – 12 Engagement

- Mobile lab on-site for high schools & middle schools
- Summer internship programs

Hands-on Training

- Battery fabrication & testing
- Battery safety & thermal management
- Cell failure analysis
- Certificate Program in Battery Technology

Leela Arava
Battery Materials

Caisheng Wang
Power Electronics

Mahbub Islam
Computational Studies

Elaine Zhu
Polymer Electrolytes

Abbas Nazri
Battery Chemistry

Masoud Nazari
Machine Learning

WAYNE STATE UNIVERSITY

Semiconductor Engineering

NSF MRI Award: Nanoscribe Quantum QX Shape Nano 3D Printer

High-speed 3D Printing with 150 nm Resolution

WSU is 1st to install in North

Amar Basu
Wearable Sensors

Mohammed Ismail
Integrated Circuits

Gozde Tutuncuoglu
Nanoscale Devices

Yong Xu
MEMS

Dimitrios Sounas
Circuit Design

Mohammad Alhawari
Circuits

Health Engineering and Informatics

Curriculum

- Bachelor of Science in Biomedical Engineering
- Master of Science in Biomedical Engineering
- MSBME Injury Biomechanics (Online)

Research

- Biomedical Imaging and Instrumentation
- Computational and Systems Biology
- Injury and Musculoskeletal Biomechanics
- Tissue Engineering and Biomaterials

Zhiqiang Cao
Cancer & Diabetes
Treatment

Liying Zhang
Injury Biomechanics

Ulrike Klueh
Diabetes Technology

Harini Sundararaghavan
Tissue Engineering

Carolyn Harris
Neurological Conditions

Jitao Zhang
Biomedical Optics

Materials and Smart Manufacturing

- ❑ Partner in the national manufacturing consortium LIFT (Lightweight Innovations for Tomorrow)
- ❑ Key member of Advance Michigan, an Investment in Manufacturing Communities Partnership program
- ❑ WSU faculty members are experts in (and collaborate across disciplines on) such technologies as:
 - ❑ Nano-Micro Manufacturing
 - ❑ Thermal-Mechanical Processing
 - ❑ Automation in Manufacturing
 - ❑ Lightweight (Composite) Materials
 - ❑ Design for Sustainability

Kyoung-Yun Kim
Digital Manufacturing

Helen Durand
Predictive Control

Golam Newaz
Nanocomposites

Yinlun Huang
Sustainability

Qingyu Yang
Intelligent System

Jeremy Rickli
Re-Manufacturing

Civil and Environmental Engineering

- Focus on the urban environment throughout the Civil Engineering program
- Strong connections to civil engineering throughout the state of Michigan
 - Substantial funding from the Michigan Department of Transportation
 - Adjunct faculty who are principals in their own civil engineering firms
- Links the theory of the classroom to the real world
- Construction Management, Environmental Engineering, Geotechnical Engineering, Structures, and Transportation Engineering

Carol Miller
Healthy Urban Waters

Timothy Dittrich
Contaminant Modeling

Yaoxian Huang
Climate Modeling

Shawn McElmurry
Water and Health Infrastructure

Yongli Wager
Water Treatment

Center for Operational Excellence and Resilience

VISION

- ❑ *Foster acceleration of operational excellence*
- ❑ *Prepare the workforce of the future*
- ❑ *Promote innovation through a collaborative ecosystem of industry, academia, government, and community*

KEY OBJECTIVES

- Incubate ideas into breakthrough technology and analytic solutions for industry pain points
- Promote operational excellence
- Create a learning ecosystem to develop next-generation workforce
- Empower the next generation of leaders
- Enhance diversity, equity, and inclusion

INDUSTRYX PILLARS

R&D Alliance + Solution Development

*Build Economic Prosperity and
Resilience with Industry Partnership*

Next Gen Incubation Labs

*Test Ideas for Innovation and
Experience Technologies*

Education + Workforce Development

*Develop an Inclusive and Equitable
Workforce of Future*

Thought Leadership

*Promote Thought Leadership and
Learning Community*

WAYNE STATE UNIVERSITY

THANK YOU!

**Wayne State College of Engineering
Engineering Choice of Michigan and Beyond**
